

I took an oath to help all patients.

Eliza Shin, MD
AMA Member

Without insurance, the people that need to see me the most don't come to see me.

Millions of Americans are uninsured, but the American Medical Association has a proposal to fix this crisis. To make sure everyone has access, everyone has choice, and to allow doctors to do what we are trained to do — take care of people. Visit VoiceForTheUninsured.org to see our proposal.
